RIM OSD 905

Oil soluble Demulsifier

(We Also sale CONCENTRATED PRODUCT of RIM OSD 905)

PRODUCT CHARACTERISTICS

Demulsifier formulated for treatment of crude oil in oil production facilities.

The product was developed through bottle testing in the field. This product is used to treat a crude oil with **API (20-30)**

DESCRIPTION

RIM OSD 905 Demulsifier is a blend of Dropper, Treater, Desalter emulsion breaker, flocculants and Resign. RIM OSD 905 is a totally organic liquid formulation and dispersants in a water and soluble in Hydrocarbon for the demulsification of oil in water, capable of performance at room temperature, Compatible with other chemicals used for crude oil. RIM OSD 905 destabilizes the oil-water interface that surrounds each water particle in the emulsion, replaces the emulsifier molecules and allows the water to coalesce. RIM OSD 905 is a completely combustible, non-abrasive, non-ash-forming treatment which will improve the quality of the crude oil.

Product selection was based on fast clean water drop, interface quality, salt content, and residual BS&W in the oil phase.

APPLICATION METHODS

It is recommended that Demulsifier be applied with a chemical injection pump at the inlet to the facility. The demulsifier should be continuously injected at a concentration of 10 to 100 ppm. Bottle testing of the

Demulsifier should be performed to determine the optimum treating rate required to produce clean oil.

TYPICAL PHYSICAL PROPERTIES

Appearance	Yellow to brown Liquid
Sp. Gr.@20°C	0.92 + - 0.05 kg/l
Solubility:	Oil Soluble
Melting Point	< -30°C
Flash point PMCC	15 -50°C (As per customer requirement)
Kinematic Viscosity at 25°C	< 100 cSt

STORAGE INSTRUCTION:

RIM OSD 905 original Properties and efficiency are same at - 25°C to 50°C.

SHELF LIFE

Two years from the date of Manufacturing.

SHIPPING / HANDLING INSTRUCTIONS

RIM OSD 905 Demulsifier is a Flammable Liquid. It can be shipped in 208 liter (55 Gal) drums and it is available in bulk quantities. A Material Safety Data Sheet outlining recommended safe handling of **RIM OSD 905** is available upon request
